

‘Celebrate’ your Students Successes with a day of Outdoor Activities

Schools and Colleges are rewarding their student’s achievements and positive behaviour with a day of fun & challenging outdoor activities at our centre.

We offer a full day of activities which may be linked with any further learning outcomes you may have.

Activities can include: Archery, Climbing, High Ropes, Low Ropes, Traverse Wall, Pedal Karts, and Tomahawk Throwing to name but a few. Please see our website for a full list.

We cater for classes and year groups as well as inclusion projects.

A typical day might include arrival for a 10am start and leaving at 2pm with a lunch break. You will have 3 x 55 minute activity sessions. We aim to provide students with an action-packed day with many learning opportunities.

A covered area will be provided for lunch and break times where possible with hot drinks available for staff throughout the day.

The activities are run by our trained instructors. We are happy to provide details of qualifications.

Cost: £12 per pupil.

Teachers: Free.
