

What are the hazards? What can cause harm?	Who might be harmed	What are you already doing? What are you doing to control hazards and the chance of someone getting hurt?	Do you need to do anything else to control this risk? By following this risk assessment, are the hazards & chances of someone being harmed adequately controlled?
		See Generic Site Risk Assessment	
Heavy Objects that need moving	Participants & Instructor	Good Manual Handling techniques to be used. E.g. Heavy objects to be lifted by 2 or more people.	<b>Trivial</b> <i>if controls are followed</i>
Inappropriate games or use of equipment	Participants & Instructor	Appropriate games to be play (age. physical ability, etc). All games to be dynamically risk assessed.	<b>Trivial</b> <i>if controls are followed</i>
Volley Ball Net falling down.	Campsite Users	Each post will have 2 guy lines at each end attached to large pegs. The bottom of the pole will also be secured to the ground – using a further peg. Periodic checks recorded.	<b>Trivial</b> <i>if controls are followed</i>
Increased risks of slips/trips/falls on wet grass	Participants & Instructor	Appropriate games to the weather / surface conditions.	<b>Trivial</b> <i>if controls are followed</i>
Collision with other group members	Participants	Appropriate games to be play (age. physical ability, etc). All games to be dynamically risk assessed.	<b>Trivial</b> <i>if controls are followed</i>
